"TrueScripts is a family-focused organization driven by our desire to serve others and deliver Amazing Care. We believe in letting our core values lead the way. Our intention is to create a lasting, positive impact on society at large. This includes providing support and giving back to the communities that we all call "home." It is our

honor and pleasure to support the United Way of Davieess County to encourage their vision to lift others up to achieve education, health, and financial stability in our community." Nathan Gabhart, Founder of TrueScripts

"I take pride in my nearly 25-year commitment to supporting and giving to the United Way. Over the years, I have witnessed firsthand the collective impact of our donations in improving the lives of individuals within our community. It is truly inspiring to see how our contributions have made a tangible difference and brought about positive change." - Lisa Klopfenstein

Our recognized leadership award went to Alan Bubalo. Through Alan's advocacy, we were able to continue and maintain community partnerships that may have otherwise stepped away from contributing towards United Way. Alan has played a vital role in encouraging others to support the cause. Even with his retirement with Edward Jones this year, Alan still continues to show up and be involved. Alan, you display an amazing representation of what it means to serve and give. Alan lives by the quote "Don't give to get. Give to inspire others to give." Simon Sinek
UWDC CEO and Executive Director, Zella Taylor, presented Alan Bubalo with the 2022 Leadership Award.

IMPACT WORK

During 2022, UWDC helped to fund 120 Bedtime in a Box Kits to Pace HS in Washington and North Davieess and Washington Community Schools totaling \$15,000! Angie Bruner, the site coordinator from Pace HS stated, "100% of the families that participated in the post survey said that overall, the resources and materials inside the Bedtime Box helped with a more consistent bedtime routine with their child." The Washington Community School's data showed only 21% were above or at benchmark level (based on DIEBELS Scores). After the program, 64% were at or above benchmark levels, increasing by 43% in improvement!

UWDC board members created a team for the Youth First golf scramble event! Youth First is just one of our many, agency partners we work with. Youth First received \$15,000, during 2022, from UWDC to help provide funds for licensed social workers within the Davieess County schools

Day of Caring 2022, over 700 volunteers totaling over \$103,000 in volunteer labor hours!

If it wasn't for our volunteers giving of their time, our agencies and civic organizations would not have the means to take care of much needed projects.

Thank you to all who participated!

2023

We are privileged to live in such a dynamic, progressive and caring community. Daviess County is responsive to the pressing needs and aspirations of its residents. This is substantially fostered and enabled by the UWDC. Not only does our United Way marshal and apply extensive local financial and volunteer resources in important ways, but it also aggressively seeks and accesses external resources to meet essential local needs. These efforts bolster our local economy. It has been a pleasure and exhilarating to be a part of the UWDC this past year as board president! Recognizing that the opportunity to be a blessing is in-itself a great blessing, we can all deeply benefit from the many gratifying and fulfilling ways ours United Way offers to serve, support, give, help, volunteer, care, and love within our community.

WORD FROM OUR EXECUTIVE DIRECTOR AND CEO, ZELLA TAYLOR

It's been an exciting year of partnerships, collaborating, and creating lasting change for our community! In 2022, we were able to fund 120 Bedtime in a Box Kits for the Washington Community Schools and PACE HS totaling \$15,000! Data from the schools regarding the children's academic levels before the program was 79% being below and well below the benchmark (based on DIBELS Composite Scores) compared to after the program of 36% below and well below the benchmark! This is a 43% improvement of children who may otherwise have struggled in the next school year.

So far this year we provided 20 Bedtime in a Boxes to PACE and have recently received another grant to provided 40 more to a community partner, totaling \$7,000! We've also recently formed a partnership with the Odon Winklepleck Library for Everly's Reading Trail which was installed in Odon Park, totaling \$6,000!

One of our three main pillars is education and as you can see from the examples listed, we care about our children's future. Additionally, \$100,000 went to our funded agency partners, where they could focus on emergency and disaster related needs, mental health, education, improving graduation rates among the Hispanic youth population, and so much more! We're changing lives from within and making our community better for it.

In the last 5 years, over \$1.4 million has been contributed back into Daviess County. This includes allocations, designations, grants, Day of Caring labor hours, and sponsorships.

We've recently received three separate grants from our state association, Indiana United Way's. The first grant provided the opportunity for 60 children to go through Kinder Camp to prepare for Kindergarten readiness totaling \$11,700. The second grant funding is for \$5,000 to purchase Bedtime in a Box Kits for children. Lastly, \$20,000 was received in a supplemental grant to help fund the All-Inclusive playground at Longfellow Park!

Please consider leaving behind a legacy gift through endowments, trusts, and estates. 100% of your dollars stay local. You can also direct those dollars to be used in a specific manner or towards one of our 3-main pillars.

"No one is useless in this world who lightens the burdens of another." Charles Dickens

CAMPAIGN 2022

WORD FROM OUR 2022 CAMPAIGN CHAIRMAN, STEVE SACKSTEDER

We learn so much and are encouraged through our interactions with potential and current donors during our annual UWDC Campaign. One in two community members are impacted, directly or indirectly by United Way. It's easy to advocate giving when so many in our community are aware of such positive stories and have even been involved directly through volunteering at the United Way Day of Caring. We are privileged to offer the opportunity to support the UWDC during the campaign and throughout the year. We deeply appreciate those who contribute and volunteer!
